EDUCATION

NDMVP'S KBTCOE   Nashik | **2023-2026**
Bachelor of Technology in IT

KK WAGH Polytechnic   Nashik | **2020 -2023**
Diploma in Computer Technology

EXPERIENCE

RottenGrapes Pvt Ltd | Developer Intern   **Sept 2024 – Mar 2025**
- Engineered over three scalable web applications using Next.js, Prisma, and Drizzle.
- Designed and deployed a map-based application with Open Layers and geospatial data for enhanced visualization.
- Designed and optimized database schemas to support application scalability.

PROJECTS

Employee and Task Management System:
- Constructed a full-stack Employee and Task Management System for an internship company utilized by over 20 employees for task tracking.
- Implemented role-based access control to optimize task assignment and progress tracking.

Multiplayer Battleship Game
- Developed a multiplayer Battleship game using React, Node.js, Socket.IO, HTML, and CSS.
- Programmed real-time gameplay mechanics, including synchronized ship placement and attack/defence systems.
- Optimized WebSocket communication to ensure a seamless multiplayer experience.

VS Code Extension: Code Context Navigator
- Developed a VS Code extension to visualize code relationships through AST analysis and interactive D3.js graphs.
- Facilitated real-time navigation of function and file dependencies to improve code comprehension.
- Integrated a WebView panel to provide an intuitive, interactive user interface within the VS Code.

SKILLS

Programming Languages	JavaScript, TypeScript, Python
Frameworks/Libraries	React, Next.js, Node.js, Express, Socket.IO,Django
Database Technologies	Prisma, Drizzle, MongoDB, SQL
Tools and Platforms	Git, GitHub, Docker
Core Competencies	Object-Oriented Programming (OOP), Data Structures & Algorithms

CERTIFICATIONS

- *React – The Complete Guide 2025 (incl. Next.js, Redux)* — Udemy, 2025

ACHIEVEMENTS

- **2nd Place**- Inter-College Coding Competition 2024
